Selected Review Questions and Exercises

Here is a list of selected review questions and exercises from the text book that will be used during the course. These questions and exercises will also be used for the midterms/duggor and the final exam, either as they are or somewhat modified. Of course you can anticipate other questions on the midterms and exam.

<i>Textbook Chapter</i>	<i>Review Questions</i>	<i>Exercises</i>
3:6		3.45-48
8:4	8.3, 8.5, 8.10	8.17, 8.19a
