Study Guide for ETSF10/ETSF05 Internet Protocols

In this course we use Forouzan, Data Communications and Networking, 4th ed, McGraw-Hill, ISBN 0-07-125442-7, as text book. This study guide shows which sections of the book that are part of the course. There are two study alternatives (well, in fact three if you are correct):

- **Included** = this is part of the course, and you must be able to account for it.
- *Extended reading* = this is part of the course, but you need not be able to account for it, if you only aim for grade 3.
